Library

Look out for information from the Library about library-related events with Jenny Blackhurst, the Girton Librarian, and Kasia Drabek, the Deputy Librarian.

These will include "Roving librarian" sessions when you can find out more about library and online resources, and "Roving referencing clinics" when you can check that you are referencing sources correctly.

These are held, usually weekly, in the Social Hub or at Swirles Court.

Do also keep an eye out for the weekly College newsletter email for details of upcoming events.
